First-Class Mail—Instructions

Use this form for First-Class Mail and First-Class Package Service.

Step 1: Complete Mailer and Mailing sections on page 1. The Mailer section must be completely filled in, including the Permit Holder in the first box, the Mailing Agent, if any as described below, in the second box, and the Mail Owner, as described below, if other than the Permit Holder, in the third box.

Mailing Agent: The mailing agent is a business entity, organization, or individual acting on behalf of one or more mail owners by providing mailing services for which the mail owners compensate the mailing agent. A business entity, organization, or individual whose services define it as a mailing agent may also be considered a mail owner, but only for its own mail or the mail of its subsidiaries. Mailing agents include, but are not limited to the following: Printer, letter shop, address list provider/manager; mail preparer, postage payment provider, mailing logistics provider, mailing tracking provider, ad agency, and mailing information manager.

Mail Owner: The mail owner is the business entity, organization, or individual who makes business decisions regarding the mailpiece content, directly benefits from the mailing, and ultimately pays for postage on the mailpiece directly or by way of a mailing agent.

Step 2: Before you complete the Postage section, go to parts A through S. Complete the part(s) that pertain to your mailing. The following information will help you to determine which parts to complete:

Part A: Automation prices—All pieces must be reported on the appropriate line at the full published price (not including the Full Service Intelligent Mail incentive). Pieces that comply with the Full Service Intelligent Mail option requirements are additionally reported on the lines provided. Enter total in Part A Total box.

Part B: Nonautomation prices. Enter total in Part B Total box.

Part C: Commercial Parcels. Enter total in Part C Total box.

Part D: Round Trip DVD, CD, or other disc mailer. Enter total in Part D Total box.

Part S: Extra Services—Report any combined Extra Services on the lines provided for them, e.g., Insured mail that is also Restricted Delivery would be reported on line S31—Insurance Restricted Delivery. Enter total in Part S Total box.

Step 3: Add the postage in parts A through S without rounding.

Step 4: Return to the Postage section on page 1. Check the boxes that correspond to the form parts used. Add the postage amounts for all parts and enter on Line 1 Subtotal Postage, rounded off to two decimal places. For postage affixed mailings round off to three decimal places.

Step 5: Complete Line 2 for Postage Affixed mailings. Check the box for the Price at Which Postage Affixed (Correct, Lowest, or Neither). Multiply the number of pieces by the postage affixed. Put the total in the Postage Affixed block.

Step 6: Lines 3 and 4 are for postage adjustments that apply to the entire mailing. Report any Incentive/Discount on Line 3 and any Fee on Line 4.

Step 7: Calculate Line 5 Net Postage Due by subtracting any Postage Affixed and Incentive/Discount (Lines 2 and 3) from the Subtotal Postage (Line 1) and adding any Fee (Line 4). For permit imprint mailings, the Net Postage Due is the amount that will be withdrawn from the permit imprint account listed in the Permit # box in the Mailing section. For postage affixed mailings, the Net Postage Due is the amount that must be tendered in addition to that already affixed to the mail, and it may be tendered by any of the applicable methods including withdrawal from an advance deposit account that can be listed by Permit # on Line 5.

Step 8: Read and sign the Certification section, including your telephone number. Attach all completed parts and submit with the mailing.

Further Information About Discount Total Column

Mailings that qualify for Full Service Intelligent Mail Option will report the discount in the Discount Total column of each line of the postage statement. The Full Service Intelligent Mail Option lines are for display and data gathering purposes only.

When there is a Full Service discount but no other incentive discount, the Full Service discount is reported directly in the Discount Total column.

When there is both a Full Service discount and an incentive discount, the Discount Total must include both discounts so it must be calculated in an offline calculation with the resulting value reported in the Discount Total column. The calculation is performed as follows:

The Subtotal Postage (SP) amount is not affected and is calculated in the usual way. The Discount Total (DT) is calculated by, first, determining the Full Service discount (FSD) by multiplying the number of Full Service pieces by the per-piece Full Service discount. Then you must calculate the Incentive Discount (ID) by subtracting the Full Service discount (FSD) from the Subtotal Postage (SP) and multiplying the result by the Incentive Discount percentage (ID%) expressed in decimal form, such as .02. Then add the Full Service discount (FSD) and the Incentive Discount (ID) to get the Discount Total (DT).

This calculation can be expressed as an equation as follows:

$$DT = FSD + ID \quad \text{or} \quad DT = FSD + ((SP - FSD) \times ID\%)$$
