

WHAT IS THE IMSB TOOL?

The Intelligent Mail for Small Business (IMsb) tool is a Full-Service mailing solution specifically designed for small business mailers who wish to prepare their own mailings. This online tool helps small business mailers prepare Full-Service mailings with Intelligent Mail barcodes and tray labels. The IMsb Tool supports First-Class Mail and Marketing Mail letters and flats.

As a small business mailer, this tool will allow you to qualify for automation Full-Service discounts on mailings that are:

- Maximum mailing size of **fewer than 10,000** pieces for mail entered at a BMEU.
- Maximum yearly volume of **fewer than 250,000** pieces.

The IMsb Tool is not designed for use by Mail Service Providers who prepare mail on behalf of others. Mailers unable to use the IMsb Tool may take advantage of Full-Service and Intelligent Mail barcode benefits; contact your Software Vendor or Mail Service Provider (MSP). Several Software Vendors have developed solutions for you. To find a list of Software Vendors who have participated in the voluntary USPS Full-Service and eDoc certification process, go to PostalPro at: <https://postalpro.usps.com/node/3816>

BENEFITS

Create Full-Service Automation Presorted mailings with unique Intelligent Mail barcodes on your mail pieces and tray labels. Piece labels and tray labels are identified by tray number, simplifying mail preparation.

Electronic postage statement and qualification reports submitted automatically.

IMsb cleanses the address list ensuring all addresses are valid and can identify duplicate addresses. SCF entry discount-available at origin BMEU sites

HOW IMSB WORKS

No special software or installation is required. Users simply access the application via the Business Customer Gateway (BCG). <https://gateway.usps.com/eAdmin/view/signin>

Access the IMsb online tool from the **Mailing Services** menu in the BCG.

**Intelligent Mail Small Business (IMsb) Tool** [GO TO SERVICE](#)

The Intelligent Mail Small Business (IMsb) Tool is an online tool which will allow mailers to produce the Intelligent Mail barcode (IMb) for mailings.

Set up the mailing and upload your address list.

The tool will validate the addresses on the list are valid delivery points.

The tool will automatically presort the mailing according to your list thus providing full presort discounts such as 5-digit/AADC automation pricing and the **SCF entry discount if applicable.**

Print your addresses with an Intelligent Mail barcode on labels, envelopes, or insert pages, along with your unique barcoded tray labels. The IMsb Tool also supports Mail Merge.

Submit your postage statement electronically.

Bring your mailing and confirmation page to your local acceptance unit.
