## Document Software

### § BUSKRO LTD.

**CATEGORY:** Document Software

**PRODUCT:** Compose IQ Software

**COMPANY:** Buskro LTD., 1738 Orangebrook Court – Unit # 1, Pickering, ON L1W 3G8 Canada. Key Contact: Michelle Sanz / Shawn Caldwell. Phone: 888-828-7576.

**COMPOSE IQ SOFTWARE:** Buskro inkjet controllers come equipped with Buskro's Compose IQ software package. The easy-to-use, Windows-based WYSIWYG interface and its powerful layout editor allows the user to fully customize their print job quickly and easily. Compose IQ also features advanced functions for matched mail (read and print), master/slave, post print verification, production audit reporting, real time multi-zone tracking, and is easily integrated with reading devices such as camera systems, barcode readers and magnetic stripe readers to increase personalization and integrity. Buskro's unique one-to-one data relationship allows its tracking system to follow products over multiple transport zones in real time without the use of data buffers. This provides greater integrity and minimizes the risk of mismatches.

**FEATURES:** Compose IQ can accept data in virtually any format and can utilize any true type font. All commonly used barcodes are built into Compose IQ including the USPS IMB and advanced 2D barcodes. Several graphic formats are supported by Compose IQ including bitmap, jpeg, wmf, tiff and pdf. Users can produce a pdf proof from the layout editor.

**CONTACT:** For more information, call 888-8BUSKRO or email sales@buskro.com.

### § Pitney Bowes Inc.

**CATEGORY:** Document Software

**PRODUCT:** Relay® Hub; Mailstream on Demand

**COMPANY:** Pitney Bowes Inc., 3001 Summer Street, Stamford, CT 06926-0700. Tele: 877-682-7687. Web: PitneyBowes.com

**RELAY® HUB:** The Relay Hub, from the Pitney Bowes Commerce Cloud, lets you enhance your critical customer documents to reduce mail-

## Document Software

ing costs, improve customer engagement and increase paperless adoption. The Relay Hub is a SaaS solution that leverages the proven enterprise software with the scalability of AWS to deliver powerful digital document management. Decrease mailing costs by correcting address data, presorting mail, and adding barcodes precise automated folding and inserting. Leveraging the power of SaaS and a simple print drive, Relay Hub also allows businesses to easily centralize and control customer communications from anywhere to capitalize on their existing mailing investments. Working with outputs from your existing systems, you get the flexibility to modernize your documents with color and updated branding to make communications easier to understand and faster to respond to. Increase paperless by easily transitioning printed documents to digital sending, like email, while keeping document design intact for a seamless customer experience across channels.

**MAILSTREAM ON DEMAND:** Mailstream On Demand gives you access to technology used by the largest mailers in the world, without needing to invest in new hardware or IT infrastructure. Save time and money with a secure print and mail service that reduces costs and simplifies complex transactional mailings. Invoices, statements, notices, are printed and mailed quickly, simply, and securely. With Mailstream On Demand you have a fully trackable process, freeing up space, time, and capital to invest back into your business.

**CONTACT:** For more information call 877-682-7687 or visit Pitney Bowes at PitneyBowes.com.

### § QUADIENT

**CATEGORY:** Document Software

**PRODUCT:** Quadiant Impress Platform, YayPay by Quadiant and Quadiant Inspire Software

**COMPANY:** QUADIENT, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-636-7678.

**QUADIENT OUTPUT MANAGEMENT:** Quadiant's output management solutions allow users to manage important customer communications easily and securely, while providing a pathway for businesses to communicate according to their customer's delivery preference and thus easily evolve from paper-based communications to digital delivery. The Output Management portfolio of on-premise software and cloud-based solutions offered by Quadiant, automates and enhances the preparation, processing, output and delivery of business-critical communications through the Quadiant Impress Platform.

**QUADIENT ACCOUNTS RECEIVABLE:** Take your business-critical communications one step further by adding accounts receivable automation technology with YayPay by Quadiant for invoices, cash collections and disputes.

**Quadiant Impress Platform:** A multi-channel outbound document automation platform that automates the sending of business-critical customer communications. The Impress Platform works to increase operational efficiencies and centralize the document preparation process, helping to ensure that content is sent to the right person, at the right time through the customer's preferred channel. Users can add specific marketing messages to their business-critical customer communications and incorporate business rules such as merging multiple documents into a single envelope, facilitating additional marketing opportunities as well as savings on printing and postal costs. Four core applications operate on the award-winning Quadiant Impress platform, providing businesses the highest level of performance and scalability, and ability to produce mail physically in-house, outsource, or digitally. Within the Impress Platform
