Document Software

§ BUSKRO LTD.

CATEGORY: Document Software

PRODUCT: Compose IQ Software

COMPANY: Buskro LTD., 1738 Orangebrook Court – Unit # 1, Pickering, ON L1W 3G8 Canada. Key Contact: Michelle Sanz / Shawn Caldwell. Phone: 888-828-7576.

COMPOSE IQ SOFTWARE: Buskro inkjet controllers come equipped with Buskro's Compose IQ software package. The easy-to-use, Windows-based WYSIWYG interface and its powerful layout editor allows the user to fully customize their print job quickly and easily. Compose IQ also features advanced functions for matched mail (read and print), master/slave, post print verification, production audit reporting, real time multi-zone tracking, and is easily integrated with reading devices such as camera systems, barcode readers and magnetic stripe readers to increase personalization and integrity. Buskro's unique one-to-one data relationship allows its tracking system to follow products over multiple transport zones in real time without the use of data buffers. This provides greater integrity and minimizes the risk of mismatches.

FEATURES: Compose IQ can accept data in virtually any format and can utilize any true type font. All commonly used barcodes are built into Compose IQ including the USPS IMB and advanced 2D barcodes. Several graphic formats are supported by Compose IQ including bitmap, jpeg, wmf, tiff and pdf. Users can produce a pdf proof from the layout editor.

CONTACT: For more information, call 888-8BUSKRO or email sales@buskro.com.

§ QUADIENT

CATEGORY: Document Software

PRODUCT: Quadient Impress Platform, YayPay by Quadient and Quadient Inspire Software

COMPANY: QUADIENT, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-636-7678.

QUADIENT OUTPUT MANAGEMENT: Quadient's output management solutions allow users to manage important customer communications easily and securely, while providing a pathway for businesses to communicate according to their customer's delivery preference and thus easily evolve from paper-based communications to digital delivery. The Output Management portfolio of on-premise software and cloud-based solutions offered by Quadient, automates and enhances the preparation, processing, output and delivery of business-critical communications through the Quadient Impress Platform.

QUADIENT ACCOUNTS RECEIVABLE: Take your business-critical communications one step further by adding accounts receivable automation technology with YayPay by Quadient for invoices, cash collections and disputes.

Quadient Impress Platform: A multi-channel outbound document automation platform that automates the sending of business-critical customer communications. The Impress Platform works to increase operational efficiencies and centralize the document preparation process, helping to ensure that content is sent to the right person, at the right time through the customer's preferred channel. Users can add specific marketing messages to their business-critical customer communications and incorporate business rules such as merging multiple documents into a single envelope, facilitating additional marketing opportunities as well as savings on printing and postal costs. Four core applications operate on the award-winning Quadient Impress platform, providing businesses the highest level of performance and scalability, and ability to produce mail physically in-house, outsource, or digitally. Within the Impress Platform
