## Vote-By-Mail Ballot Sorters

*Tritek 'Correct Elect' Vote-By-Mail Equipment*

### § Tritek Technologies, Inc.

**CATEGORY:** Vote-By-Mail Ballot Sorters

**PRODUCT:** Tritek 'Correct Elect' Vote-By-Mail Equipment

**COMPANY:** Tritek Technologies, Inc., 1-B Medori Boulevard, Wilmington, DE 19801. Contact: Sales Email: [info@tritektech.com](mailto:info@tritektech.com) Phone: 302-239-1638.

**TRITEK 'CORRECT ELECT' VOTE-BY-MAIL EQUIPMENT:** Your custom solution for processing Vote-by-Mail ballots. Tritek Correct Elect systems are available in several configurations offering unlimited features and applications for your ballot processing. 'Correct Elect' sorters image the entire ballot envelope, regardless of size, at processing speeds of up to 30,000 per hour.

Tritek has field-proven, patented Vote-By-Mail technology at work in numerous counties. We custom design and build Vote-By-Mail solutions that will fit inside any sized office and can process small or large volumes of all types of ballot designs. Tritek holds the exclusive patent on ballot method and apparatus to provide full audit trail, ballot process management and status reporting. Scans can be archived in color, grayscale or black and white. Accurate signature verification reduces labor costs of manual or semi-automatic validation and improves regulatory and security compliance. Voters' signatures are detected with barcodes and are verified against a data-base of registered voters. Portable and desktop systems are available in addition to equipment that includes any desired number of sort bins.

**TRITEK'S VOTE-BY-MAIL PROCESSING SYSTEMS FEATURES:** 1) Automatic feeder for ballot envelopes; 2) Images each ballot; 3) Simplex or duplex imaging; 4) Digitally or physically time and date stamps on each ballot envelope; 5) Inline prints any information on each ballot envelope; 6) Stores image of ballot envelope; 7) Reads barcodes and metadata; 8) Thickness detection checks for ballot in envelope; 9) Signature verification; 10) Inline ballot opener; 11) Sorts ballots by precincts or other required process groups; 12) Select your quantity of sort bins and configuration; 13) Tray tag label printing; 14) Reporting software provides number of ballots processed, and the bin designation for voter ballot accountability; 15) Ballot tracking; 16) Provides full audit trail

**CONTACT:** To learn more about Tritek call 302-239-1638 or visit [www.tritektech.com](http://www.tritektech.com) or email [info@tritektech.com](mailto:info@tritektech.com).
