Engineering Innovation's Super Champ

§ Engineering Innovation Inc.

CATEGORIES: Postage Meters/Mailing Systems

PRODUCTS: EZ-WorkDesk; The Champ / Super Champ

COMPANY: Engineering Innovation Inc. (Eii), 3601 Sagamore Parkway N, Suite Eii, Lafayette, IN 47904 Contact: sales@eii-online.com Phone: (800) 350-6450

THE CHAMP & SUPER CHAMP SYSTEM DESCRIPTIONS: Building on 30 years of direct mailroom experience, The Champ Mail Processor empowers mailers to maximize postage savings on the variety of parcels common to mail processing centers, including ALL types of USPS Priority Mail. The tabletop mail manifesting system utilizes differential weighing to rapidly handle multiple classes of mixed-weight mail simultaneously.

THE CHAMP & SUPER CHAMP SYSTEM FEATURES: The Champ is IMpb-compliant across the range of USPS Commercial Parcels, handling all types of Priority Mail as well as First Class Packages, Bound Printed Matter, Parcel Select, Parcel Select Lightweight and Media/ Library Mail. The Super Champ upgrade enables quick address validation with IMpb compliance through an ergonomically friendly mobile OCR ring scanner that scans the address on the mail piece for USPS delivery point validation.

CONTACT: For more information call 1-800-350-6450 or email sales@eii-online.com.

Pitney Bowes SendPro Mailstation

Pitney Bowes SendPro C Lite

§ Pitney Bowes Inc.

CATEGORY: Postage Meters / Mailing and Shipping Systems

display. Complies with the latest USPS IMI rule Federal Register 85 FR 78234.

SENDPRO®+: There's a better way to ship with our easy to use, all-in-one sending technology for multi-carrier shipping and mailing. Easily compare rates across the three major carrier (USPS®, UPS® and FedEx®) and accurately weigh packages with integrated 15 pound scale to ensure you always pay the right amount. Quickly print discounted postage and seal envelopes at speeds up to 65 letters per minute. Integrated, pre-loaded apps let you track the status of shipments, deliveries and spend across multiple departments. Included access to PitneyShip™ allows you to mail and ship across all three major carriers from any computer anytime, anywhere.

SENDPRO® C AUTO: Simplify mailing with an automatic postage machine built for business. Process batches of letters, postcards and large envelopes quickly and easily with an automatic postage machine designed for busy mailrooms. The SendPro C Auto speeds mailing tasks with automated features that calculate postage costs, update rate changes and process mail batches at up to 120 letters per minute. And because high-tech shouldn't mean difficult, the 7" color touchscreen display makes viewing and selecting all your options as easy as possible. Complies with the latest USPS IMI rule Federal Register 85 FR 78234.

Pitney Bowes SendPro P1000 Mailing & Shipping System

Pitney Bowes SendPro P2000 Mailing & Shipping System

Pitney Bowes SendPro P3000 Mailing & Shipping System

SENDPRO® P-SERIES (P1000, P2000, and P3000): Efficiently process high-volumes of mail and packages at high speeds with built-in technologies that optimize your mailing, shipping, and tracking workflow, all while saving you significant time and money. Pitney Bowes offers 3 models to choose from: P1000, P2000, and P3000, all of which come with automatic, fast, and reliable mail processing speeds up to 310 letters per minute, a large, color touchscreen display to quickly and easily access all sending applications. Weigh and process mixed-sized mail, up to 5/8" thick, in a single pass at speeds of up to 205 letters per minute with the Pitney Bowes proprietary technology, Weigh-On-The-Way® on the P2000 and P3000 models. Integrated PitneyShip™ software technology with optional multi-carrier shipping access allows desktop shipping, tracking and more from your device or any computer. Complies with the latest USPS IMI rule Federal Register 85 FR 78234.
