Rollem's Mailstream Direct Mail Finishing System

Rollem Mini-Mailstream

§ Rollem International

CATEGORY: Document Processing Systems

PRODUCT: Mailstream Mail Finishing System; Insignia Die Cutter

COMPANY: Rollem International, 1650 S Lewis St., Anaheim, CA92805-6413. Phone: 800-272-4381. Web: www.rollemusa.com/mail.

MAILSTREAM: Print, finish, and mail 10-in-one. Mailstream, a new direct mail finishing system, converts press sheets to finished mail products while maintaining zip code order. Apply 10 processes in one operation including hot, cold and fugitive glue; tear-off coupons; tip-on cards; trimming, slitting, scoring, pattern-perforations, and scratch-off labels. Mail integrity is maintained creating folded, glued products ready for delivery to mail bins. Glue closures meet USPS requirements and also eliminate the need for wafer seals. In-line and near-Line configurations are available.

APPLICATIONS: Mail-stream is ideal any lettershop, mail center or office services environment, including that of banks, colleges and universities, government offices, insurance companies, and telecoms.

INSIGNIA DIE CUTTERS: The Insignia Series of die cutter is a new class of sheet-fed rotary die cutter, ideal for producing labels, packaging,

and unique mail applications. The machine is capable of die-cutting, kiss-cutting, perforating, scoring, and cut-scoring on a range of papers, plastics, magnetic material, PVC, styrene and polypropylenes up to 24 pt. in thickness. Key features include run speeds up to 5,000 sph, ease of operation and quick changeover. Insignia is available in two sizes, Insignia5 handles digital sheet sizes 20x15", and Insignia7 handles B2 size 24x30" sheets.

Plow Folding

Insignia is ideal for promotional products, garment and industrial tags and labels, shaped direct mail, photo products, pocket folders, folded cartons, stickers, and the list goes on. The flexo-magnetic dies are a simple change over from job to job and the machine is easy to operate. To meet varying application requirements, Insignia is available in either single or dual magnetic cylinder configurations. See *Die Cutting* section.
