**COMPANY:** QUADIENT, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-636-7678.

**QUADIENT OUTPUT MANAGEMENT:** Quadient's output management solutions allow users to manage important customer communications easily and securely, while providing a pathway for businesses to communicate according to their customer's delivery preference and thus easily evolve from paper-based communications to digital delivery. The Output Management portfolio of on-premise software and cloud-based solutions offered by Quadient, automates and enhances the preparation, processing, output and delivery of business-critical communications through the Quadient Impress Platform.

**QUADIENT ACCOUNTS RECEIVABLE:** Take your business-critical communications one step further by adding accounts receivable automation technology with YayPay by Quadient for invoices, cash collections and disputes.

**Quadient Impress Platform:** A multi-channel outbound document automation platform that automates the sending of business-critical customer communications. The Impress Platform works to increase operational efficiencies and centralize the document preparation process, helping to ensure that content is sent to the right person, at the right time through the customer's preferred channel. Users can add specific marketing messages to their business-critical customer communications and incorporate business rules such as merging multiple documents into a single envelope, facilitating additional marketing opportunities as well as savings on printing and postal costs. Four core applications operate on the award-winning Quadient Impress platform, providing businesses the highest level of performance and scalability, and ability to produce mail physically in-house, outsource, or digitally. Within the Impress Platform each application can work independently or seamlessly integrate with each other for maximum flexibility. The Quadient Impress Platform also integrates with unique and powerful Web-based plug-ins that enable businesses to save postage with presort capabilities, ensure the integrity of their customer contact data, centralize and track the processing of Certified Mail, manage their recipients' delivery preference and more.

**YayPay by Quadient:** A smart accounts receivables platform that helps B2B companies improve their customer experience via their credit and collection communications processes. YayPay SaaS platform automates routine invoice reminders, credit and cash application tasks, and gives finance teams visibility and control by connecting the AR data from ERP, CRM, email and credit in one central system. Instead of sticky notes, one-off emails and spreadsheets, YayPay reduces the highly manual process of managing the AR process with simple workflows. YayPay im-
