COMPANY: Quadient, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-636-7678.

iX-1: The iX-1 postage meter is the simple, powerful choice for small business and home office mailings. With a full line of standard features and

Quadient iX-1

innovative Apps, the iX-1 streamlines the way users handle mail by combining efficiency with cost savings. A large integrated 10lb. scale accommodates postcards, envelopes, and small packages with ease. The ergonomic layout and design of the scale provides a clear view of the display panel regardless of what materials are placed on it. The iX-1's Rate Wizard simplifies the process of selecting the correct postal rate and class for items. With clear step-by-step instructions, the selection process has never been easier. Shortcut keys save time and eliminate keystrokes. Users can also choose the most commonly used postal rates, as well as customize and save the settings of your most frequent jobs. Refilling postage funds, downloading the latest USPS rates or system features are downloaded using a high speed internet connection.

iX-1 FEATURES: USPS approved Intelligent Mail Indicia (IMI);Processing Speed: up to 18 LPM; Envelope minimum:3.5" x 5" maximum: 12"x15"; maximum thickness: 5/16"; 10lb. standard scale; Imprint Customization: 8 standard, 2 open advertising slogans; 4 digit PIN code authorization; 1account standard up to 10 accounts (optional); Method for postage refilling: internet (standard) Available Apps: Online Postal Expense Manager, Neoship, E-Services with Electronic Return Receipt

iX-3: The iX-3 Series offers small offices the most pragmatic choice for delivering effortless mailing and shipping operations. Don't let this compact design fool you — the iX-3 is extremely powerful. Coupled with Neoship ADVANCED and Neostats, this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels. The iX-3's semi-automatic hand feeding system can process up to 45 letters per minute. A standard 5 lb. integrated scale handles postcards, envelopes and small packages with ease. Optional 10, 30, 70 lb. platforms are also available. Shortcut keys save time and eliminate keystrokes. Automatic sealing with an easy-access reservoir ensures a perfect envelope seal. Customize your mail pieces with an image, logo or message using Neoslogan.

iX-5: The iX-5 Series offers flexibility and efficiency while maintaining job integrity every step of the way. Ideal for mid-level mail volumes, the iX-5 is available in two models, a power-assisted hand feed (iX-5 HF) or with auto-feed technology (iX-5 AF). Each system features an easy-to-use control panel with color screen, shortcut keys and rate wizard, making navigation simple. The iX-5 meets the latest Intelligent Mail Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements. A variety of scale options (5, 10, 30, 70 lb.) handles postcards, envelopes and small packages with ease. Automatic sealing with an easy-access reservoir ensures a perfect envelope seal. Customize your mail pieces with an image, logo or

message using Neoslogan. Coupled with Neoship ADVANCED multi-carrier shipping software and Neostats postage expense management, this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels

iX-7: The iX-7 Series mailing system is a paramount addition to any business. Built to excel in the most demanding mail centers, the iX-7 Series is available with two different processing speeds and a variety of weighing and stacking options. An easy to use control panel with color touchscreen, shortcut keys and rate wizard, makes navigation a breeze. The mixed mail feeder processes up to 140 lpm (iX-7) or 175 lpm (iX-7PRO), to handle even the most demanding mail volumes. An optional dynamic scale processes up to 75 lpm (iX-7) or 110 lpm (iX-7PRO). The iX-7 meets the latest Intelligent Mail Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements. Coupled with Neoship ADVANCED multi-carrier shipping software and Neostats postage expense management, this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels. Customize your mail pieces with an image, logo or message using Neoslogan.

iX-9: The iX-9 sets a new standard for mailing system productivity, operability, and efficiency. Designed with the operator in mind, this mailing system delivers simple ergonomic operations, investment protection, cost savings, reliable production and maximum uptime. Ideal for high mail volume, the iX-9 automatically seals, weighs, measures, meters, and

stacks large mail runs in minutes. The mixed mail feeder eliminates hand sorting by size or weight and allows users to process nested or non-nested envelopes and postcards with ease. With three batch processing speed options of up to 210, 260, and 300 letters per minute, the iX-9 is the work-horse of mailing systems. The high capacity envelope feeder with reload on the fly capability can stack more than 7" of materials. Each iX-9 comes standard with a print head that is designed to last the life of the mailing system. A dual-pump, jet-spray sealing system with filter ensures a quality tip-to-tip envelope seal. Five levels of spray adjustments are standard with each system. The power conveyor stacker achieves a maximum throughput by reducing the number of starts and stops. The iX-9 also meets the latest Intelligent Mail® Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements.

Quadient observed high-volume mailing system operators and listened to production mail center customers before designing it.

iX-9 FEATURES: A full 5.7" color touch screen minimizes keystrokes and puts even the casual operator in control with an easy-to-read dashboard. The added comfort of an optional integrated keyboard makes set up and mail processing a breeze. Weighing Platform options of 10, 30 or 70 lb. platforms handle even the heaviest parcels and over-sized packages. An optional dynamic scale accurately weighs, rates and classifies mail at speeds up to 160 lpm /180 lpm (postcards).

Reduce work steps and optimize the ergonomic work space with an optional repositionable remote label dispenser that prints no-peel, ready-to-stick tapes from a roll. An optional custom ergonomic workstation has been designed specifically for the iX-9 mailing system. Adjustable shelving is great for holding supplies, while dual locking doors provide additional storage and security.

Every iX-9 has the iMeter, in conjunction with standard and optional Apps for your business, which provides the information required for better mailing operations management and cost control. Available Apps include: Commercial Rates App, Online Postal Expense Manager App, MAS App, E-services with Electronic Return Receipt App, Remote Diagnostics App, NeoFunds App, Postal Rates App, NeoShip App and Low Ink Alerts App. For more information on Apps, please refer to the iMeter Apps section.

Coupled with Neoship ADVANCED multi-carrier shipping software and Neostats postage expense management, this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels. Customize your mail pieces with an image, logo or message using Neoslogan

iX-9 WITH S.M.A.R.T. FEATURES: When powered by S.M.A.R.T.® mail center software, the iX-9 transforms into your powerful partner, creating a consolidated and organized epicenter that streamlines workflows and reduces equipment footprint. S.M.A.R.T.® combines essential mail center operations into a powerful, user-friendly, all-in-one solution. The complete system, which includes a 21" all-in-one PC, thermal label printer, and wire-

less barcode scanner, drives maximum output in terms of both productivity and savings to the bottom line. S.M.A.R.T.® provides the ultimate Shipping, Mailing, Accounting, Reporting and Tracking experience – all from a single dashboard! This solution combines leading edge technologies to improve customer interactions and business processes. A consistent look and feel across each element provides familiarity to users, making navigation simple and intuitive. S.M.A.R.T.® fuels stronger business communications with your internal and external customers by providing detailed shipping and tracking notifications, chargeback accounting with postage meter reconciliation, and extensive reporting options to name a few.
