Engineering Innovation's Super Champ

§ Engineering Innovation Inc.

CATEGORIES: Postage Meters/Mailing Systems

PRODUCTS: EZ-WorkDesk; The Champ / Super Champ

COMPANY: Engineering Innovation Inc. (Eii), 3601 Sagamore Parkway N, Suite Eii, Lafayette, IN 47904 Contact: sales@eii-online.com Phone: (800) 350-6450

THE CHAMP & SUPER CHAMP SYSTEM DESCRIPTIONS: Building on 30 years of direct mailroom experience, The Champ Mail Processor empowers mailers to maximize postage savings on the variety of parcels common to mail processing centers, including ALL types of USPS Priority Mail. The tabletop mail manifesting system utilizes differential weighing to rapidly handle multiple classes of mixed-weight mail simultaneously.

THE CHAMP & SUPER CHAMP SYSTEM FEATURES: The Champ is IMpb-compliant across the range of USPS Commercial Parcels, handling all types of Priority Mail as well as Ground Advantage, Bound Printed Matter, Parcel Select, Parcel Select Lightweight and Media/ Library Mail. The Super Champ upgrade enables quick address validation with IMpb compliance through an ergonomically friendly mobile OCR ring scanner that scans the address on the mail piece for USPS delivery point validation.

APIAN SORT™ MAIL SORTING ENGINE: See description in Eii's listing in *Parcel Mailing/Sorting Systems*.

CONTACT: For more information call 1-800-350-6450 or email sales@eii-online.com.

Pitney Bowes SendPro Mailstation

Pitney Bowes SendPro C Lite

§ Pitney Bowes Inc.

CATEGORY: Postage Meters / Mailing and Shipping Systems

PRODUCT: SendPro® Mailstation, SendPro® C Lite and SendPro® C, SendPro®+, SendPro® C Auto, MailCenter Series

COMPANY: Pitney Bowes Inc., 27 Waterview Drive, Shelton CT 06484. Contact: PitneyBowes.com/omg

SENDPRO® MAILSTATION: Keep it simple with a compact and easy-to-use cloud-based postage meter. The SendPro Mailstation cloud-based postage meter has everything a small business needs to effortlessly process light volumes of mail. Print USPS® postage for letters, flats and postcards, get automatic postage rate updates and accurately weigh large envelopes up to five pounds – all from the device's easy-to-use full-color touchscreen display, the largest in its class. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

SENDPRO® C LITE: Process, print and save with an easy-to-use postage meter sending solution. Skip that trip to the Post Office to buy stamps. This semi-automatic, compact mail machine is designed to easily process light volumes of USPS mail and light packages. The SendPro C Lite lets you quickly process USPS mail at up to 50 letters per minute, receive automatic postage rate updates and accurately weigh light packages – all from the device's 7" full-color touchscreen display. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

SENDPRO® C: Reduce the time spent processing and sending out letters and packages with an easy-to-use postage meter machine that simplifies postage printing and automates tasks, and processes mail batches at up to 65 letters per minute. Unlock savings right from the convenience of

your office, and eliminate trips to the post office – giving you back time to focus on business-critical tasks. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

SENDPRO®+: There's a better way to ship with our easy to use, all-in-one sending technology for multi-carrier shipping and mailing. Easily compare rates across the three major carrier (USPS, UPS® and FedEx®) and accurately weigh packages with integrated 15 pound scale to ensure you always pay the right amount. Quickly print discounted postage and seal envelopes at speeds up to 65 letters per minute. Integrated, pre-loaded apps let you track the status of shipments, deliveries and spend across multiple departments. Included access to PitneyShip™ allows you to mail and ship across all three major carriers from any computer anytime, anywhere. Complies with the latest USPS IMI rule Federal Register 85 FR 78234.

SENDPRO® C AUTO: Simplify mailing with an automatic postage machine built for business. Process batches of letters, postcards and large envelopes quickly and easily with an automatic postage machine designed for busy mailrooms. The SendPro C Auto speeds

mailing tasks with automated features that calculate postage costs, update rate changes and process mail batches at up to 120 letters per minute. And because high-tech shouldn't mean difficult, the 7" color touchscreen display makes viewing and selecting all your options as easy as possible. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

MAILCENTER SERIES: Pitney Bowes' advanced all-in-one mailing and shipping solutions are designed to quickly process high volumes of mixed mail at high speeds and optimize all your sending workflows, while reducing costs. With 3 models to choose from: the MailCenter 1000, 2000, and 3000, you can experience fast, automatic, and reliable mail processing speeds of up to 310 letters per minute. Easily and quickly process mail and packages from a large, responsive color touchscreen display. The Pitney Bowes proprietary technology, Weigh-On-The-Way® helps eliminate manual sorting of mixed sized mail, weighing each envelope as it moves through the system and accurately prints postage, so you always pay the right amount. The integrated shipping capability enables you to ship packages and evaluate rates and services through USPS, FedEx, and UPS, so you can get your packages delivered with the best cost and delivery options available. Access the same shipping capabilities on the SendPro MailCenter outside the mailroom with PitneyShip or PitneyShip Pro, our online shipping software. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.
