### § Postmatic

**CATEGORY:** Inserter Feeders/Accessories

**PRODUCTS:** Inline Stamp Affixing System; Inline Divert System

**COMPANY:** Postmatic, 711 Weaver Blvd, Anoka, MN 55303 Phone: (763)-784-6046. Email: [info@postmatic.net](mailto:info@postmatic.net) Contact: Sales. Web: [www.postmatic.net](http://www.postmatic.net).

**INLINE DIVERT SYSTEM:** Postmatic has a complete line of Inline Divert Bases in lengths of 16", 24" & 48" long and available in Left to Right or Right to Left feed configurations. Handles up to 10x13 pieces and has Dry Contact, Electro-mechanical gate actuation. Great for use with Camera Systems or other controlling devices.

**C 1250 FRICTION FEEDER:** Stream-feeder's C 1250 Friction Feeders are designed for dependable one-shot and batch count feeding for packaging operations pursuing greater productivity through automation. This feeding machine is made to feed a wide variety of products, from flat to multi-thickness, and operates on-demand one at a time or in batch sets up to 99 pieces.

**RELIANT INSERTER FEEDER:** Streamfeeder's Reliant Inserter Feeder is designed for 6x9 swing-arm inserters. It combines flexible performance and variable speed with superior feeding capabilities while precisely separating,

and presenting many types of mail inserts to the gripper jaw of swing arm inserters. This friction feeder can also run continuously on inkjet and tabber bases by simply repositioning the sensor out of the product path.

**V-SERIES INKJET FRICTION FEEDERS:** Streamfeeder's V Series of Inkjet Friction Feeders are the most reliable and safest continuous feeders in the market today. V Series Feeders are capable of feeding a wide variety of flat and multi-thickness products consistently at high speeds with exceptional alignment qualities. The importance of straight feeding and minimizing skewing can help improve USPS® MERLIN™ verification results, leading to significant savings for our customers.

**INLINE STAMP AFFIXING SYSTEM:** The Postmatic Inline Stamping Base-Extended offers the versatility of attaching an inkjet system making a perfect solution for affixing stamps and ink-jet addressing inline while inserting. Perfect for Read and Print Applications and almost any ink-jet system may be added.
