

Postage Meters/Mailing Systems

Pitney Bowes MailCenter 2000 Mailing & Shipping System

Pitney Bowes MailCenter 3000 Mailing & Shipping System

on business-critical tasks. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

SENDPRO®+: There's a better way to ship with our easy to use, all-in-one sending technology for multi-carrier shipping and mailing. Easily compare rates across the three major carrier (USPS, UPS® and FedEx®) and accurately weigh packages with integrated 15 pound scale to ensure you always pay the right amount. Quickly print discounted postage and seal envelopes at speeds up to 65 letters per minute. Integrated, pre-loaded apps let you track the status of shipments, deliveries and spend across multiple departments. Included access to PitneyShip™ allows you to mail and ship across all three major carriers from any computer anytime, anywhere. Complies with the latest USPS IMI rule Federal Register 85 FR 78234.

SENDPRO® C AUTO: Simplify mailing with an automatic postage machine built for business. Process batches of letters, postcards and large envelopes quickly and easily with an automatic postage machine designed for busy mailrooms. The SendPro C Auto speeds mailing tasks with automated features that calculate postage costs, update rate changes and process mail batches at up to 120 letters per minute. And because high-tech shouldn't mean difficult, the 7" color touchscreen display makes viewing and selecting all your options as easy as possible. Complies with latest USPS Intelligent Mail Indicia (IMI) requirements and so much more.

MAILCENTER SERIES: Pitney Bowes' advanced all-in-one mailing and shipping solutions are designed to quickly process high volumes of mixed mail at high speeds and optimize all your sending workflows, while reducing costs. With 3 models to choose from: the MailCenter 1000, 2000, and 3000, you can experience fast, automatic, and reliable mail processing speeds of up to 310 letters per minute. Easily and quickly process mail and packages from a large, responsive color touchscreen display. The Pitney Bowes proprietary technology, Weigh-On-The-Way® helps eliminate manual sorting

of mixed sized mail, weighing each envelope as it moves through the system and accurately prints postage, so you always pay the right amount. The integrated shipping capability enables you to ship packages and evaluate rates and services through USPS, FedEx, and UPS, so you can get your packages delivered with the best cost and delivery options available.

§ QUADIENT

CATEGORY: Postage Meters / Mailing Systems

PRODUCT: Quadient Intelligent Series Mailing Systems

COMPANY: Quadient, 478 Wheelers Farms Rd., Milford, CT 06461. Phone: 800-636-7678.

iX-1: The iX-1 postage meter is the simple, powerful choice for small business and home office mailings. With a full line of standard features and innovative Apps, the iX-1 streamlines the way users handle mail by combining efficiency with cost savings. A large integrated 10lb. scale accommodates postcards, envelopes, and small packages with ease. The ergo-

Quadient iX-1

onomic layout and design of the scale provides a clear view of the display panel regardless of what materials are placed on it. The iX-1's Rate Wizard simplifies the process of selecting the correct postal rate and class for items. With clear

step-by-step instructions, the selection process has never been easier. Shortcut keys save time and eliminate keystrokes. Users can also choose the most commonly used postal rates, as well as customize and save the settings of your most frequent jobs. Refilling postage funds, downloading the latest USPS rates or system features are downloaded using a high speed internet connection.

iX-1 FEATURES: USPS approved Intelligent Mail Indicia (IMI); Processing Speed: up to 18 LPM; Envelope minimum: 3.5" x 5" maximum: 12"x15"; maximum thickness: 5/16"; 10lb. standard scale; Imprint Customization: 8 standard, 2 open advertising slogans; 4 digit PIN code authorization; 1 account standard up to 10 accounts (optional); Method for postage refilling: internet (standard) Available Apps: Online Postal Expense Manager, Neoship, E-Services with Electronic Return Receipt.

iX-3: The iX-3 Series offers small offices the most pragmatic choice for delivering effortless mailing and shipping operations. Don't let this compact design fool you — the iX-3 is extremely powerful. Coupled with Neoship ADVANCED and S.M.A.R.T., this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage ex-

penses for mail and parcels. The iX-3's semi-automatic hand feeding system can process up to 45 letters per minute. A standard 5 lb. integrated scale handles postcards, envelopes and small packages with ease. Optional 10, 30, 70 lb. platforms are also available. Shortcut keys save time and eliminate keystrokes. Automatic sealing with an easy-access reservoir ensures a perfect envelope seal.

iX-5: The iX-5 Series offers flexibility and efficiency while maintaining job integrity every step of the way. Ideal for mid-level mail volumes, the iX-5 is available in two models, a power-assisted hand feed (iX-5 HF) or with auto-feed technology (iX-5 AF). Each system features an easy-to-use control panel with color screen, shortcut keys and rate wizard, making navigation simple. The iX-5 meets the latest Intelligent Mail Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements. A variety of scale options (5, 10, 30, 70 lb.) handles postcards, envelopes and small packages with ease. Automatic sealing with an easy-access reservoir ensures a perfect envelope seal. Coupled with Neoship ADVANCED multi-carrier shipping software and S.M.A.R.T., this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels

iX-7: The iX-7 Series mailing system is a paramount addition to any business. Built to excel in the most demanding mail centers, the iX-7 Series is available with two different processing speeds and a variety of weighing and stacking options. An easy to use control panel with color touchscreen, shortcut keys and rate wizard, makes navigation a breeze. The mixed mail feeder processes up to 140 lpm (iX-7) or 175 lpm (iX-7PRO), to handle even the most demanding mail volumes. An optional dynamic scale processes up to 75 lpm (iX-7) or 110 lpm

Quadient iX-7

Quadient iX-9

(iX-7PRO). The iX-7 meets the latest Intelligent Mail Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements. Coupled with Neoship ADVANCED multi-carrier shipping software and S.M.A.R.T., this complete suite offers a one-stop approach to processing, tracking, reporting and reconciling postage expenses for mail and parcels.

iX-9: The iX-9 sets a new standard for mailing system productivity, operability, and efficiency. Designed with the operator in mind, this mailing system delivers simple ergonomic operations, investment protection, cost savings, reliable production and maximum uptime. Ideal for high mail volume, the iX-9 automatically seals, weighs, measures, meters, and stacks large mail runs in minutes. The mixed mail feeder eliminates hand sorting by size or weight and allows users to process nested or non-nested envelopes and postcards with ease. With three batch processing speed options of up to 210, 260, and 300 letters per minute, the iX-9 is the workhorse of mailing systems. The high capacity envelope feeder with reload on the fly capability can stack more than 7" of materials. Each iX-9 comes standard with a print head that is designed to last the life of the mailing system. A dual-pump, jet-spray sealing system with filter ensures a quality tip-to-tip envelope seal. Five levels of spray adjustments are standard with each system. The power conveyor stacker achieves a maximum throughput by reducing the number of starts and stops. The iX-9 also meets the latest Intelligent Mail® Indicia (IMI) and Dimensional Weighing (DIM) USPS® requirements. Quadient observed high-volume mailing system operators and listened to production mail center customers before designing it.

iX-9 FEATURES: A full 5.7" color touch screen minimizes keystrokes and puts even the casual operator in control with an easy-to-read dashboard. The added comfort of an optional integrated keyboard makes set up and mail processing a breeze. Weighing Platform options of 10, 30 or 70 lb. platforms handle

Quadiant iX-9 with S.M.A.R.T.

even the heaviest parcels and over-sized packages. An optional dynamic scale accurately weighs, rates and classifies mail at speeds up to 160 lpm /180 lpm (postcards).

Reduce work steps and optimize the ergonomic work space with an optional repositionable remote label dispenser that prints no-peel, ready-to-stick tapes from a roll. An optional custom ergonomic workstation has been designed specifically for the iX-9 mailing system. Adjustable shelving is great for holding supplies, while dual locking doors provide additional storage and security.

Every iX-9 has the iMeter, in conjunction with standard and optional Apps for your business, which provides the information required for better mailing operations management and cost control. Available Apps include: Commercial Rates App, Online Postal Expense Manager App, MAS App, E-services with Electronic Return Receipt App, Remote Diagnostics App, NeoFunds App, Postal Rates App, NeoShip App and Low Ink Alerts App. For more information on Apps, please refer to the iMeter Apps section. *Neostats postage expense management offers reporting and reconciling postage for mail and parcels.*

iX SERIES WITH S.M.A.R.T. FEATURES: When powered by S.M.A.R.T.® software, the iX Series transforms into your powerful partner, creating a consolidated and organized epicenter that streamlines workflows and reduces equipment footprint. S.M.A.R.T.® combines mail center operations into a powerful, user-friendly, all-in-one solution. Thermal label printer and wireless barcode scanner maximize output in terms of both productivity and savings to the bottom line. S.M.A.R.T.® provides the ultimate Shipping, Mailing, Accounting, Reporting and Tracking experience – all from a single dashboard! This solution combines leading edge technologies to improve customer interactions and business processes. A consistent look and feel across each element provides familiarity to users, making navigation simple and intuitive. S.M.A.R.T.® fuels stronger business communications with your internal and external customers by providing detailed shipping and tracking notifications, chargeback accounting with postage meter reconciliation, and extensive reporting options to name a few.
