COMPETITIVE PRICE CHANGES	Docket No. CP2027-1

USPS NOTICE OF CHANGES IN
RATES AND CLASSIFICATIONS OF GENERAL APPLICABILITY
FOR COMPETITIVE PRODUCTS
(November 12, 2026)

Pursuant to 39 C.F.R. §§ 3035.102; 3035.104; 3040.180; and 3040.181, as applicable, the United States Postal Service (Postal Service) hereby gives notice of changes in rates and classifications of general applicability for competitive products. In accordance with Rule 3035.102(b) and Rule 3035.104(b), this Notice provides the Governors' Decision establishing the changes, including a statement of explanation and justification, and certification of the vote. The new prices and classifications will take effect on January 17, 2027.

Attached to this pleading is a draft of the Mail Classification Schedule (MCS) that incorporates these new prices and classification changes in legislative format. Also being filed herewith is a non-public annex showing FY 2027 projected volumes, revenues, attributable costs, contribution, and cost coverage for each product. Furthermore, in accordance with Order No. 1062, the Postal Service is filing supporting forecast data and price adjustment calculations for each affected product. An application for non-public treatment of this material is attached to this pleading, along

with a redacted, public version of the annex. Redacted versions of certain supporting materials are also being filed.

Proposed Price Changes for January 2027

The price changes proposed in this filing are straightforward and relatively consistent across most of our competitive products. Moderate price changes are being made overall for Priority Mail Express, Priority Mail, Parcel Select, USPS Ground Advantage, and for certain competitive International Products. In addition, the price for the new outbound International Proof of Delivery Service that was the subject of Governors' Decision No. 26-6 is added to the Mail Classification Schedule.[1] Domestic Extra Services, which includes Premium Forwarding Service, USPS Tracking Plus, and Adult Signature Service, among others, will see minor price adjustments for January 2027.

Proposed Classification Changes for January 2027

There are eight classification changes proposed for January 2027.

[1] Governors' Decision No. 26-6, which concerns MCS changes related to International Proof of Delivery states that "Outbound International Proof of Delivery shall … appear on the competitive product list at a date to be determined to coincide with a competitive published price change or as otherwise determined by the Governors." The Postal Service proposed in its initial filing in the MC2026-355 docket "effective January 1, 2027, to add outbound International Proof of Delivery service to the MCS." Request of the United States Postal Service for Classification Changes Concerning International Proof of Delivery, Docket No. MC2026-355, August 21, 2026, at 4 and Attachment 1. However, Governors' Decision No. 26-8 establishes January 17, 2027, as the effective date for the new outbound International Proof of Delivery service. In accordance with PRC Order No. 9727, in Docket No. MC2026-355, the Postal Service is filing a supplementary notice concerning this filing. *See* PRC Order No. 9727, Order Conditionally Approving Material Classification Changes Concerning International Proof Of Delivery, Docket No. MC2026-355, September 16, 2026, at 6-7.

Introduction of Fuel Surcharge

Revisions are being made to MCS sections 2105.6, 2110.6, 2115.6, and 2125.6 to introduce a fuel surcharge under all domestic competitive products: Priority Mail Express; Priority Mail; Parcel Select; and USPS Ground Advantage. Transportation costs continue to remain high, including the increasing price of fuel and contracted transportation. The implementation of this fee will allow the Postal Service to better account for these rising costs while also better aligning the Postal Service with standard industry practice when it comes to addressing such transportation-related costs. While the fuel surcharge will be static for January 2027, eventually we intend for it to adjust on a weekly basis, based on average fuel prices reported by the Energy Information Administration (EIA). Customers can begin to make necessary programming changes to implement a dynamic fuel surcharge now, for implementation at a later date. As such, the MCS changes presented here generally reflect this dynamic framework, although all levels will be set at the same percentage.

The fuel surcharge will not result in the violation of 39 U.S.C. § 3633 or associated regulations, because each of the underlying products to which it applies will still cover costs. While the introduction of this permanent fee will have an impact on the overall shipping costs of Postal Service customers who use these competitive products, the fee is fully consistent with our authority under the statute and aligns with industry practice to which most customers are likely already accustomed.[2] Moreover, it is appropriate for the Postal Service to charge a fee reflecting the additional costs incurred

[2] FedEx's ground surcharge is roughly 29.75 percent and its air surcharge is roughly 30.50 percent. *See* https://www.fedex.com/en-us/shipping/fuel-surcharge.html. UPS's ground surcharge is roughly 28.25 percent and its air surcharge is roughly 31.75 percent. *See* https://www.ups.com/us/en/support/shipping-support/shipping-costs-rates/fuel-surcharges.

from the increasing price of fuel and contracted transportation, and the new, permanent fee represents only a modest overall increase over the transportation-related time limited price change that has been in place since April 26, 2026 and is set to expire or roll back on January 17, 2027. Finally, this change is not likely to have a significant impact on competitors.

Introduction of Repricing Fee

Revisions are being made to MCS sections 2105.6, 2110.6, 2115.6, and 2125.6 to introduce a fee for repricing overpaid and shortpaid postage resulting from inaccurate dimensions or weight, applicable to all domestic competitive products. The fee will be applied to items for which the customer has not paid sufficient postage, requiring the Postal Service to collect additional postage, as well as items for which the customer has included excess postage, potentially triggering a refund. For items that are shortpaid, this fee will add 20 percent of the shortpaid amount to the postage owed as a result of the underpayment. For items that are overpaid, the fee will subtract 20 percent from overpaid amount, subject to any Postal Service rules or limitations pertaining to refunds. This builds upon an earlier change the Postal Service made in July 2026 in which the Postal Service expanded the current standard in the Domestic Mail Manual to require mailers to include accurate dimensions for all parcels included in a manifest (Shipping Services File (SSF) or other approved electronic documentation), regardless of size. The fee is intended to incent shippers to provide accurate dimensions, weights, and payment, and to reflect the fact that the provision of inaccurate dimensions and payments add administrative burdens for the Postal Service.

This repricing fee is consistent with 39 U.S.C. § 3633 and associated regulations, because the underlying products to which it applies will still cover costs. While the introduction of this fee could have an impact on overall shipping costs of Postal Service customers who use competitive products, such a fee is appropriate and fully consistent with the applicable statute. This change is not likely to have a material impact on competitors.

Change to Dimension and Weight Noncompliance Fee

Revisions are being made to MCS sections 2105.6, 2110.6, 2115.6, and 2125.6 to implement changes to the existing Dimension Noncompliance Fee, which will be renamed the Dimension and Weight Noncompliance Fee. Currently, the fee covers both missing and inaccurate dimensions, but does not account for weight. The fee will be expanded to include weights (regardless of size), in addition to dimensions, but will also be narrowed to only apply to *missing* dimensions or weight, and will no longer cover inaccurate dimensions. Inaccurate dimensions and weights are intended to be covered by the repricing fee discussed above. Although the Postal Service is adjusting the structure and applicability of the fee, the price of the fee will remain unchanged for 2027. The fee continues the Postal Service's effort to incent shippers to provide accurate dimensions and weights and to reflect the fact the provision of inaccurate dimensions and weights adds additional administrative burdens for the Postal Service.

This classification change is consistent with 39 U.S.C. § 3633 and associated regulations, because the underlying products to which it applies will still cover costs. While the changes to this fee could have an impact on overall shipping costs of Postal Service customers who use these competitive products and provide inaccurate package

weights, such a fee is appropriate and fully consistent with the applicable statutes. This change is not likely to have an impact on competitors.

Modification of Premium Forwarding Service

Premium Forwarding Service (PFS) is being modified to add additional options for customers. Specifically, revisions are being made to MCS sections 2630.1 and 2630.2. The classification changes include clarifying that the online enrollment fee must be paid annually. Additionally, the classification changes add Priority Mail Express as an option under Premium Forwarding Service Residential (PFSR). Currently PFSR only consists of a weekly Priority Mail reshipment option. Furthermore, for Premium Forwarding Service Commercial (PFSC), additional flexibility is provided to make clear that customers can control the frequency in which mail is reshipped to a temporary address. The change to the MCS for PFSC also clarifies that the time for such reshipments cannot exceed twelve months. Finally, the classification changes add Priority Mail Flat Rate Envelopes, Priority Mail Sacks, Priority Mail Express Flat Rate Envelopes, and Priority Mail Express Sacks options for PFSC. These changes are being made to better align the options within PFSR, PFSC, and Premium Forwarding Service Local (PFSL) and to provide customers with additional PFS options.

These classification changes to PFS are consistent with 39 U.S.C. § 3633 and associated regulations, because PFS will still cover its costs. These changes will provide customers with more options and more flexibility when utilizing PFS. These changes are not likely to have an impact on competitors.

Introduction of Shipping Label Noncompliance Fee

Revisions are being made to MCS sections 2105.6, 2110.6, 2115.6, and 2125.6 to introduce a new Shipping Label Noncompliance Fee under all domestic competitive products. The fee will be charged to customers when they use incorrect barcode symbology or constructs. Customers' use of incorrect barcode symbology or constructs prevents our equipment from being capable of scanning the barcode, which results in additional operational and administrative burdens on the Postal Service.

This new fee is consistent with 39 U.S.C. § 3633 and associated regulations, because the underlying products to which it applies will still cover costs. While the introduction of this fee could have an impact on overall shipping costs of Postal Service customers who use these competitive products with incorrect barcode symbology or constructs, such a fee is appropriate and fully consistent with the applicable statutes. This change is not likely to have an impact on competitors.

Priority Mail Express International (PMEI) Flat Rate Envelope as well as Priority Mail International (PMI) Flat Rate Envelopes and Boxes - Increase in the Number of Price Groups from 8 to 20

Revisions are being made to MCS sections 2305.4 and 2305.6 to expand the number of Price Groups for PMEI Flat Rate Envelope from 8 to 20. In addition, revisions are being made to MCS sections 2315.4 and 2315.6 to expand the number of Price Groups for PMI Flat Rate Envelopes and Boxes from 8 to 20.

This classification change is consistent with 39 U.S.C. § 3633 and associated regulations, because PMEI and PMI are expected to cover their costs and contribute sufficiently to the appropriate share of institutional costs, as reflected in the non-public annex showing FY 2026 projected volumes, revenues, attributable costs, contribution,

and cost coverage, as well as the supporting forecast data and price adjustment calculations that are also being filed. The changes will affect users by expanding the number of Price Groups for PMEI Flat Rate Envelope, as well as PMI Flat Rate Envelope and Boxes, from 8 to 20, which may result in higher or lower prices depending on the destination. As for the likely impact on competitors, the price changes may result in customers shifting their service provider both to and from the Postal Service, depending on the relevant price group.

Revisions to MCS sections 2320.5 and 2645.5.1 concerning
USPS Delivered Duty Paid (DDP)

Revisions are being made to MCS section 2320.5 to add USPS DDP as an optional feature for International Priority Airmail (IPA)[3] and to MCS section 2645.5.1 so that it more accurately reflects timing, payment and procedures related to USPS DDP.

These classifications changes are consistent with39 U.S.C. § 3633 and associated regulations, because Total International Special Services is still expected to cover its costs and contribute an appropriate share to institutional costs, as reflected in the non-public annex showing FY 2026 projected volumes, revenues, attributable costs, contribution, and cost coverage, as well as the supporting forecast data and price adjustment calculations that are also being filed.

The changes will benefit users because the addition of USPS DDP as an optional feature for IPA in MCS section 2320.5 will make it possible for users of IPA to select USPS DDP as an optional feature, and the revisions to MCS section 2645.5.1 will result

[3] In addition, revisions are being made to the formatting of the price tables in MCS section 2320.6 that concern Prices for International Priority Airmail. However, those changes are entirely formatting changes and do not alter the number and type of price cells for International Priority Airmail that are set forth in MCS section 2320.6.

in the text of MCS section 2645.5.1 more accurately reflecting timing, payment, and procedures related to USPS DDP. As for the likely impact on competitors, it appears that other delivery services offer similar services, and thus, the Postal Service offering USPS DDP for IPA subject to these revised terms may lead some customers who are particularly interested in such a service to consider using the Postal Service, instead of a competing delivery service. However, because delivery service providers pass through DDP-related costs to the customer in different ways, including as a passthrough brokerage or qualified party fee, as a separate DDP service fee, or as part of the overall postage fee, customers will likely consider the total cost of shipping when selecting a delivery service provider. Therefore, while the Postal Service considers that the addition of USPS DPP as an optional feature for IPA might improve the competitiveness of that product in the marketplace, the revisions concerning USPS DDP to MCS section 2645.4.1 will not, on their own, have an impact on competitors.

Revisions to the Country Group Assignments for PMEI, PMI, IPA, and First-Class Package International Service (FCPIS) in, and Format of, Part D Country Price Lists for International Mail of the MCS

Revisions to the country group assignments in Part D of the MCS for PMEI, PMI, IPA, and FCPIS are being made so that the Postal Service can price these products more effectively. In addition, in the table in Part D of the MCS, the column concerning FCPIS has been moved so that it is the second to last column in the table.

These classification changes are consistent with 39 U.S.C. § 3633 and associated regulations, because PMEI, PMI, IPA, and FCPIS are still expected to cover their costs and contribute an appropriate share to institutional costs, as reflected in the non-public annex showing FY 2026 projected volumes, revenues, attributable costs,

contribution, and cost coverage, as well as the supporting forecast data and price adjustment calculations that are also being filed.

The changes are not likely to have much impact on users because destinations for PMEI, PMI, IPA and FCPIS will continue to have country group assignments. As for the likely impact on competitors, it appears that other delivery services offer similar services, and thus, the Postal Service revising its country group assignments for PMEI, PMI, IPA, and FCPIS may lead some customers to consider using the Postal Service, instead of a competing delivery service.

The Governors' Decision and record of proceedings will be published in the Federal Register in accordance with 39 U.S.C. § 3632(b)(2).

DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON CHANGES IN RATES AND CLASSIFICATIONS OF GENERAL APPLICABILITY FOR COMPETITIVE PRODUCTS (GOVERNORS' DECISION NO. 26-8)

November 9, 2026

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish prices and classifications of general applicability for the Postal Service's competitive products. The changes are described generally below, with a detailed description of the changes in the Postal Service's associated draft Mail Classification Schedule change document. That document contains the draft Mail Classification Schedule sections with classification changes in legislative format, and new prices displayed in the price charts.

As shown in the nonpublic annex being filed under seal herewith, the changes we establish should enable each competitive product to cover its attributable costs (39 U.S.C. § 3633(a)(2)) and should result in competitive products as a whole complying with 39 U.S.C. § 3633(a)(3), which, as implemented by 39 C.F.R. § 3035.107(c), requires competitive products collectively to contribute a minimum of 8.1 percent to the Postal Service's institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. § 3633(a)(1)). We therefore find that the new prices and classification changes are in accordance with 39 U.S.C. §§ 3632–3633 and 39 C.F.R. §§ 3035.102 and 104.

I. Domestic Products

A. Priority Mail Express

Overall, the Priority Mail Express price change represents a 5.9 percent increase on average. The existing structure of zoned Retail and Commercial price categories is maintained. Retail prices will increase 5.9 percent on average, while the Commercial price category will increase 5.9 percent on average. New for 2027, the Postal Service is introducing a permanent fuel surcharge, set at a flat 11 percent for all packages. The Postal Service intends for the fuel surcharge to eventually adjust on a weekly basis, based on average fuel prices reported by the Energy Information Administration (EIA). Customers can begin to make necessary programming changes to implement a dynamic fuel surcharge now, and we intend to authorize appropriate rate and classification changes for the dynamic fuel surcharge later in 2027. The current Dimension Noncompliance Fee will be renamed and expanded to apply to any package manifested without weight or dimensions, regardless of size. The price of the fee will remain at $3.00. Additionally, the Postal Service is introducing a $5.00 fee that will be charged to customers when they use the incorrect barcode symbology or constructs, which prevents our equipment from being capable of scanning the barcode. Furthermore, the Postal Service is introducing a new fee for repricing inaccurate dimensions and weight for both overpaid and shortpaid postage. A 20 percent fee will be applied to items that are shortpaid. For items that are overpaid, the 20 percent fee will be applied to overpayments, subject to any Postal Service rules or limitations pertaining to refunds. Finally, certain Nonstandard Fees (NSFs) applicable to Priority Mail Express will see a 16 percent increase in 2027 in order to better reflect the operational burdens associated with nonmachinable package volume in the mailstream.

B. Priority Mail

On average, Priority Mail prices will be increased by 5.9 percent, and the existing price structure will be maintained.

Retail prices will increase by an average of 5.9 percent. Retail Flat Rate Box prices will be: Small, $13.40; Medium, $24.30; Large, $33.35 and Large APO/FPO/DPO, $32.00. Thus, the Large APO/FPO/DPO Flat Rate Box will be $1.35 less than the Large Flat Rate Box. The regular Flat Rate Envelope will be priced at $12.65, with the Legal Size

and Padded Flat Rate Envelopes priced at $12.95 and $13.70, respectively. The Commercial price category will increase by 5.9 percent on average. New for 2027, the Postal Service is introducing a permanent fuel surcharge, set at a flat 11 percent for all packages. The Postal Service intends for the fuel surcharge to eventually adjust on a weekly basis, based on average fuel prices reported by the Energy Information Administration (EIA). Customers can begin to make necessary programming changes to implement a dynamic fuel surcharge now, and we intend to authorize appropriate rate and classification changes for the dynamic fuel surcharge later in 2027. The current Dimension Noncompliance Fee will be renamed and expanded to apply to any package manifested without weight or dimensions, regardless of size. The price of the fee will remain at $3.00. Additionally, the Postal Service is introducing a $5.00 fee that will be charged to customers when they use the incorrect barcode symbology or constructs, which prevents our equipment from being capable of scanning the barcode. Furthermore, the Postal Service is introducing a new fee for repricing inaccurate dimensions and weight for both overpaid and shortpaid postage. A 20 percent fee will be applied to items that are shortpaid. For items that are overpaid, the 20 percent fee will be applied to overpayments, subject to any Postal Service rules or limitations pertaining to refunds. Finally, certain Nonstandard Fees (NSFs) applicable to Priority Mail will see a 16 percent increase in 2027 in order to better reflect the operational burdens associated with nonmachinable package volume in the mailstream.

C. Parcel Select

On average, Parcel Select prices as a whole will increase 5.9 percent. For destination delivery unit (DDU) entered parcels, the average price increase is 5.8 percent. For destination sectional center facility (DSCF) destination entered parcels, the average price increase is 5.9 percent. For Connect Local, the average price increase is 6.0 percent. New for 2027, the Postal Service is introducing a permanent fuel surcharge, set at a flat 11 percent for all packages. The Postal Service intends for the fuel surcharge to eventually adjust on a weekly basis, based on average fuel prices reported by the Energy Information Administration (EIA). Customers can begin to make necessary programming changes to implement a dynamic fuel surcharge now, and we intend to authorize appropriate rate and classification changes for the dynamic fuel surcharge later in 2027. The current Dimension Noncompliance Fee will be renamed and expanded

to apply to any package manifested without weight or dimensions, regardless of size. The price of the fee will remain at $3.00. Additionally, the Postal Service is introducing a $5.00 fee that will be charged to customers when they use the incorrect barcode symbology or constructs, which prevents our equipment from being capable of scanning the barcode. Furthermore, the Postal Service is introducing a new fee for repricing inaccurate dimensions and weight for both overpaid and shortpaid postage. A 20 percent fee will be applied to items that are shortpaid. For items that are overpaid, the 20 percent fee will be applied to overpayments, subject to any Postal Service rules or limitations pertaining to refunds. Finally, certain Nonstandard Fees (NSFs) applicable to Parcel Select will see a 16 percent increase in 2027 in order to better reflect the operational burdens associated with nonmachinable package volume in the mailstream.

D. USPS Ground Advantage

USPS Ground Advantage is the Postal Service's flagship ground package product. Overall, USPS Ground Advantage prices will increase 5.9 percent on average, and the existing structure will be maintained. Retail prices will increase 5.9 percent on average, while Commercial prices will increase 5.9 percent on average. The Alaska Limited Overland Routes (LOR) price category will see a 9.9 percent average increase for January 2027. New for 2027, the Postal Service is introducing a permanent fuel surcharge, set at a flat 11 percent for all packages. The Postal Service intends for the fuel surcharge to eventually adjust on a weekly basis, based on average fuel prices reported by the Energy Information Administration (EIA). Customers can begin to make necessary programming changes to implement a dynamic fuel surcharge now, and we intend to authorize appropriate rate and classification changes for the dynamic fuel surcharge later in 2027. The current Dimension Noncompliance Fee will be renamed and expanded to apply to any package manifested without weight or dimensions, regardless of size. The price of the fee will remain at $3.00. Additionally, the Postal Service is introducing a $5.00 fee that will be charged to customers when they use the incorrect barcode symbology or constructs, which prevents our equipment from being capable of scanning the barcode. Furthermore, the Postal Service is introducing a new fee for repricing inaccurate dimensions and weight for both overpaid and shortpaid postage. A 20 percent fee will be applied to items that are shortpaid. For items that are

overpaid, the 20 percent fee will be applied to overpayments, subject to any Postal Service rules or limitations pertaining to refunds. Finally, certain Nonstandard Fees (NSFs) applicable to USPS Ground Advantage will see a 16 percent increase in 2027 in order to better reflect the operational burdens associated with nonmachinable package volume in the mailstream.

E. Domestic Extra Services

Premium Forwarding Service (PFS) prices will increase by 6.8 percent in 2027. The retail counter enrollment fee will increase to $30.95. The online enrollment option, introduced in 2014, will increase to $28.50. The weekly reshipment fee will increase to $30.95. The reshipment fee for PFS Local, which was introduced in 2019 for P.O. Box customers, will increase to $30.95. For 2027, for PFS Residential, the Postal Service will add weekly Priority Mail Express Reshipment options. Additionally, for PFS Commercial, the Postal Service will add Priority Mail Flat Rate Envelope, Priority Mail Sacks, Priority Mail Express Flat Rate Envelope, and Priority Mail Express Sacks options. Package Intercept Service will increase to $21.00 in 2027. Adult Signature Service will increase to $10.50 while the Restricted Delivery option will increase to $10.80. Competitive Post Office Box prices will remain unchanged in January 2027. The Pickup On Demand fee will increase to $28.60. Premium Data Retention and Retrieval Service (USPS Tracking Plus), which was introduced in 2020, will have its prices increase by 8 percent for 2027. The fee for Label Delivery Service, introduced in 2023 under the Competitive Ancillary Services product, will increase to $1.80 for 2027. The fee for Forwarding and Returns for Parcel Select will remain the same for 2027, and the additional fee for customers using Address Correction Service with Shipper Paid Forwarding/Return, will remain the same for 2027.

Finaly, in 2027, the fee for deterring overweight/oversized items found in the system will be increased from $200.00 to $400.00.

II. International Products

A. Expedited Services

Priority Mail Express International (PMEI) will be subject to an overall 7.9 percent increase, with a Commercial price increase of 7.4 percent and a Retail price increase of

7.9 percent. Commercial Plus prices will be equivalent to Commercial Base. Twelve additional country price groups are being added for PMEI Flat Rate Envelope. In order to better align the country groupings for PMEI based on competitive market and geography, the country groupings for PMEI will be realigned.

B. Priority Mail International

The overall increase for Priority Mail International (PMI) will be 7.9 percent, with a Commercial price increase of 6.2 percent and a Retail price increase of 8.1 percent. Commercial Plus prices will be equivalent to Commercial Base. Twelve additional country price groups are being added for PMI Flat Rate Envelope and Boxes. In order to better align the country groupings for PMI based on competitive market and geography, the country groupings for PMI will be realigned.

C. International Priority Airmail

Published prices for International Priority Airmail (IPA) will increase by an average of 7.9 percent. The format in which published prices for IPA appear in the Mail Classification Schedule will be revised. In order to better align the country groupings for IPA based on competitive market and geography, the country groupings for IPA will be realigned.

USPS Delivered Duty Paid (DDP) will be added as an optional feature for IPA.

E. First-Class Package International Service

The overall increase for First-Class Package International Service (FCPIS) prices will be 7.9 percent, with a Commercial increase of 7.4 percent and a Retail increase of 7.9 percent. Commercial Plus prices will be equivalent to Commercial Base. In order to better align the country groupings for FCPIS based on competitive market and geography, the country groupings for FCPIS will be realigned.

F. International Ancillary Services and Special Services

Prices for International Certificate of Mailing will increase by 6.3 percent. The price for the new outbound International Proof of Delivery Service that was the subject of Governors' Decision No. 26-6 will be $5.40. There will be no increase for International

Insurance. Prices for the Customs Clearance and Delivery Fee will increase by 7.9 percent.

Some minor changes are being made to the description of USPS DDP.

ORDER

The changes in prices and classes set forth herein shall be effective at 12:01 A.M. on January 17, 2027. We direct the Secretary of the Board of Governors Office to have this decision published in the *Federal Register* in accordance with 39 U.S.C. § 3632(b)(2) and direct management to file with the Postal Regulatory Commission appropriate notice of these changes.

b. Dimensional Weight

Parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 139.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 139, and multiplying by an adjustment factor of 0.785.

c. Oversized Pieces

Regardless of weight, any piece that measures more than 108 inches (but not more than 130 inches) in length plus girth must pay the oversized price. As stated in the Domestic Mail Manual, any piece that is found to be over the 70 pound maximum weight limitation is nonmailable, will not be delivered, and may be subject to the ~~$200.00~~400.00 overweight item charge.

d. Forwarding and Returns

Parcel Select pieces that are forwarded on request of the addressee or forwarded or returned on request of the mailer will be subject to the applicable Parcel Select Ground price, plus $6.00, when forwarded or returned. For customers using Address Correction Service with Shipper Paid Forwarding/Return, and also using an IMpb, the additional fee will be $5.40.

Pickup On Demand Service

Add ~~$26.50~~28.60 for each Pickup On Demand stop.

Package Quality Noncompliance Fee

Add $0.25 for each Package Quality noncompliant parcel paying commercial prices, unless the Unmanifested Fee was already assessed on that parcel.

Unmanifested Fee

Add $0.25 for each unmanifested parcel paying commercial prices, unless the Package Quality Noncompliance Fee was already assessed on that parcel.

Dimension and Weight Noncompliance Fee

Add $3.00 for commercial parcels ~~that exceed 1 cubic foot or with a length greater than 22 inches~~, if the customer did not provide dimensions or weight ~~provided inaccurate dimensions~~ in the electronic manifest file.

Nonstandard Fees[1]

Add the following fees to parcels that exceed certain dimensions, as specified below:

Entry:	DSCF	DDU/DHub
Length > 22"[2]	$4.00	$2.75
Length > 30"[2]	$9.50	$8.00
Cube > 2 cu. ft.	$24.00	$24.00
Qualifying Package Characteristics[2,3]	$4.00	$2.75

Notes

1. If a package qualifies as oversized, then no Nonstandard Fees will apply.
2. If a package fits more than one Length or Qualifying Package Characteristics Fee Type, only the greatest fee by dollar value is assessed. Cube Fee Types will be charged separately when applicable.
3. Qualifying Package Characteristics include the following:
   a. Any round or triangular tube
   b. A can, or a wooden or metal box
   c. An insecurely wrapped or prepared parcel as provided under DMM sections 601.3.0 and 601.4.0
   d. A metal-banded parcel as provided under DMM section 601.3.12
   e. A parcel containing more than 24 ounces of liquid in glass containers, or 1 gallon or more of liquid in metal or plastic containers. *See* DMM § 601.3.4.

HazMat Handling Fee

Add $0.00 for parcels that contain Hazardous Materials.

HazMat Noncompliance Fee

Add $50.00 for parcels if Hazardous Materials are detected, but the customer did not appropriately declare and/or label them.

Repricing Fee

On shortpaid parcels, add 20 percent to the amount of underpayment.

On overpaid parcels, subtract 20 percent from the amount of overpayment, subject to any Postal Service rules or limitations pertaining to refunds.

Shipping Label Noncompliance Fee

Add $5.00 for each commercial parcel that bears incorrect barcode symbology or construct.

Fuel Surcharge

Add the following fees for all parcels, calculated as a percentage of the base postage:

U.S. On-Highway Diesel Fuel Prices (EIA) (Greater than)	Surcharge
0.01	11.00%
1.01	11.00%
2.01	11.00%

Live Animal and Perishable Handling Fee

Add $7.50 for parcels containing live animals or perishable goods.

Oversized Pieces

Regardless of weight, any piece that measures more than 108 inches (but not more than 130 inches) in length plus girth must pay the oversized price. As stated in the Domestic Mail Manual, any piece that is found to

be over the 70 pound maximum weight limitation is nonmailable, will not be delivered, and may be subject to the $~~200.00~~400.00 overweight item charge.

Dimensional Weight

In Zones 1-9, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 139.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 139, and multiplying by an adjustment factor of 0.785.

These dimensional weight rules do not apply to the Limited Overland Routes price category.

Package Quality Noncompliance Fee

Add $0.25 for each Package Quality noncompliant parcel paying commercial prices, unless the Unmanifested Fee was already assessed on that parcel.

Unmanifested Fee

Add $0.25 for each unmanifested parcel paying commercial prices, unless the Package Quality Noncompliance Fee was already assessed on that parcel.

Pickup On Demand Service

Add $~~26.50~~28.60 for each Pickup On Demand stop.

Nonstandard Fees[1]

Add the following fees to parcels that exceed certain dimensions, as specified below:

Entry:	Full Network	DSCF	DDU
Length > 22”[2]	$5.25	N/A	N/A
Length > 30”[2]	$12.00	N/A	N/A

Cube > 2 cu. ft.	$24.00	N/A	N/A
Qualifying Package Characteristics[2,3]	$5.25	N/A	N/A

Notes

1. If a package qualifies as oversized, then no Nonstandard Fees will apply.
2. If a package fits more than one Length or Qualifying Package Characteristics Fee Type, only the greatest fee by dollar value is assessed. Cube Fee Types will be charged separately when applicable.
3. Qualifying Package Characteristics include the following:
   a. Any round or triangular tube
   b. A can, or a wooden or metal box
   c. An insecurely wrapped or prepared parcel as provided under DMM sections 601.3.0 and 601.4.0
   d. A metal-banded parcel as provided under DMM section 601.3.12
   e. A parcel containing more than 24 ounces of liquid in glass containers, or 1 gallon or more of liquid in metal or plastic containers. *See* DMM § 601.3.4.

HazMat Handling Fee

Add $0.00 for retail or commercial parcels that contain Hazardous Materials.

HazMat Noncompliance Fee

2630 Premium Forwarding Service

2630.1 Description

a. Premium Forwarding Service Residential: provides residential delivery customers, and certain Post Office Box customers, the option to ~~receive~~ have ~~substantially all~~ mail addressed to a primary address ~~instead at a~~ temporarily forwarded to a different address by means of a weekly Priority Mail or Priority Mail Express shipment. Parcels that are too large for the weekly shipment, mail pieces that require a scan upon delivery or arrive postage due at the office serving the customer's primary address, and certain Priority Mail pieces may be rerouted as specified in the Domestic Mail Manual. Rerouted Priority Mail Express, First-Class Mail, and Priority Mail pieces incur no additional reshipping charges. Rerouted USPS Marketing Mail and Package Service pieces may be rerouted postage due. Mail sent to a primary address for which an addressee has activated Premium Forwarding Service Residential is not treated as undeliverable-as-addressed. Premium Forwarding Service Residential is available for a period of at least two weeks and not more than twelve months, may not be used simultaneously with temporary or permanent forwarding orders, Hold Mail Request, or Change of Address, and is not available to customers whose primary address consists of a size three, four, or five Post Office Box, subject to exceptions allowed by the Postal Service, or a centralized delivery point. Customers who enroll in-person must pay the appropriate enrollment fee at the time the service is requested~~.~~, and customers that enroll online must pay an Online Enrollment fee annually.

b. Premium Forwarding Service Commercial: provides commercial customers the option to have mail addressed to business Post Office Boxes or business street addresses ~~within the same servicing postal facility~~ reshipped as Priority Mail Express or Priority Mail to a ~~new~~ temporary address according to the customer's preferred frequency, for a period of time specified by the customer which can be no more than twelve months. Mail pieces that are accountable, require a scan, or arrive postage due at the customer's primary address will be rerouted separately as specified in the Domestic Mail Manual. Containers are used based on volumes and are charged the appropriate Priority Mail Express or Priority Mail postage plus rehandling fees for Premium Forwarding Service shipments. Flat rate tray boxes may be used, when available. Sacks may also be used and are charged the appropriate Priority Mail Express or Priority Mail postage based on weight and zone plus a rehandling fee for Premium Forwarding Service shipments. Customers must pay the Online Enrollment fee annually.

c. Premium Forwarding Service Local: provides certain Post Office Box customers (excludes No-Fee Group E box customers) the option to have mail for delivery to their Post Office Box~~,~~ reshipped to ~~their~~ a deliverable physical street address~~, when both addresses are~~ serviced by the same postal facility, according to a frequency set by the customer. The Per-Container Reshipment fee will be charged for each Local container received by the customer. Customers must pay the Online Enrollment fee annually. Some packages will be reshipped separately from the main Local container to the

customer’s deliverable physical street address as specified in the Domestic Mail Manual.

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3011.201, the Postal Service hereby applies for non-public treatment of the attributable cost, contribution, and cost coverage data in the unredacted version of the annex to Governors' Decision No. 26-8, as well as the supporting materials for those data, which include disaggregated product volume, weight, and revenue distribution information by price cell. The materials consist of spreadsheets that contain calculations to determine the weighted average price increase and cost coverage for each competitive product within the scope of this docket. The Postal Service hereby furnishes below the justification for this application as required by each subsection of 39 C.F.R. § 3011.201(b). For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials. The Postal Service is concurrently filing redacted versions of these files, where it has determined redactions to be practicable.

(1) The rationale for claiming that the materials are non-public, including the specific statutory provision(s) supporting the claim, and an explanation justifying application of the provision(s) to the materials.

The materials designated as non-public consist of information of a commercial nature as well as third-party business information that, under good business practice, would not be disclosed to the public. In the Postal Service's opinion, this information would be exempt from mandatory disclosure pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3) and (b)(4).[1] Because the portions of the materials filed non-publicly

[1] In appropriate circumstances, the Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury,

in this docket by the Postal Service fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant the Postal Service's application for their non-public treatment.

(2) A statement of whether the submitter, any person other than the submitter, or both have a proprietary interest in the information contained within the non-public materials, and the identification(s) specified in paragraphs (b)(2)(i) through (iii) of this section (whichever is applicable). For purposes of this paragraph, identification means the name, phone number, and email address of an individual.[2]

Other than the proprietary interest of the Postal Service and one or more foreign postal operators in the information contained within the non-public materials that is described elsewhere in this filing, we are not aware of any third-party proprietary interests. Notice may be directed to Elizabeth A. Reed, Attorney, United States Postal Service, whose email address is Elizabeth.A.Reed@usps.gov and whose telephone number is 202-268-3179.

The Postal Service believes that one or more foreign postal operators may have a proprietary interest in some of the data in the materials submitted. The Postal

such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

[2] Section 3011.201(b)(2) further states the following:
(i) If the submitter has a proprietary interest in the information contained within the materials, identification of an individual designated by the submitter to accept actual notice of a motion related to the non-public materials or notice of the pendency of a subpoena or order requiring production of the materials.
(ii) If any person other than the submitter has a proprietary interest in the information contained within the materials, identification of each person who is known to have a proprietary interest in the information. If such an identification is sensitive or impracticable, an explanation shall be provided along with the identification of an individual designated by the submitter to provide notice to each affected person.
(iii) If both the submitter and any person other than the submitter have a proprietary interest in the information contained within the non-public materials, identification in accordance with both paragraphs (b)(2)(i) and (ii) of this section shall be provided. The submitter may designate the same individual to fulfill the requirements of paragraphs (b)(2)(i) and (ii) of this section.

Service, in conjunction with the United States Department of State, requested that the Universal Postal Union (UPU) International Bureau (IB) issue a Circular notice to all countries and designated operators informing each of its rights under 39 C.F.R. § 3011.204. This notification was published by the IB in Circular No. 197 on December 8, 2025. Specifically, the notice informs all countries and designated operators that the Postal Service will be regularly submitting certain business information to the Commission. UPU-designated foreign postal operators have a proprietary interest in information relating to their particular flows. The circular includes information on how third parties may address any confidentiality concerns with the Commission. Contact information for foreign posts may be found at: https://www.upu.int/en/universal-postal-union/about-upu/member-countries.

(3) A description of the information contained within the materials claimed to be non-public in a manner that, without revealing the information at issue, would allow the Commission to thoroughly evaluate the basis for the claim that the information contained within the materials are non-public.

The redacted information consists of the projected FY 2027 attributable cost, contribution, and cost coverage for each competitive product that is the subject of this docket. The Postal Service has filed information concerning the calculations used to develop the weighted average price increase by product and cost coverage. Protected information in the spreadsheets includes volume and revenue by price cell (weight increment and zone), as well as product-specific cost data and other supporting data. Such information for competitive product categories is commercially sensitive at the disaggregated, cell-specific level shown in the spreadsheets.

(4) Particular identification of the nature and extent of the harm alleged and the likelihood of each harm alleged to result from disclosure.

If competitors of the Postal Service were to have access to this information, they would likely focus their marketing and price cutting efforts on the Postal Service's most profitable products. This will lead to erosion of contribution of these products through lost sales and/or the need to lower prices to compete. Postal product cost and contribution information would provide suppliers of postal transportation and other services with information they could use to seek higher rates for services they provide. This would lead to higher postal costs and loss of contribution. Although the extent of the commercial harm is difficult to quantify, given that Shipping Services is a multi-billion dollar enterprise, even a small change in market share, prices, or costs could lead to millions of dollars in lost revenue, higher costs, and lower contribution margins. It is highly likely that if this information were made public, the Postal Service's competitors and suppliers would take advantage of it almost immediately.

Competitors could use the product-specific revenue, pieces, and weight information to analyze the Postal Service's possible market strengths and weaknesses and to focus sales and marketing efforts on those areas, to the detriment of the Postal Service. Disclosure of this information would also undermine the Postal Service's position in negotiating favorable terms with potential customers, who would be able to ascertain critical information about relevant product trends (*e.g.*, average revenue per piece, average weight per piece).

Disclosure would also expose one or more foreign postal operators to the same competitive harms to the extent that a category is associated with a single customer or a small group of customers. The Postal Service considers these to be highly probable

outcomes that would result from public disclosure of the material related to foreign postal operators that is filed non-publicly.

(5) At least one specific hypothetical, illustrative example of each alleged harm.

Identified harm: Competitors could use product cost, contribution, or cost coverage information to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment.

Hypothetical: Cost, contribution and/or cost coverage information is released to the public and available to a competitor. The competitor assesses the profitability of certain services based on the data released. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal Service has substantial contribution, thereby hindering the Postal Service's ability to maintain these customers.

Identified harm: Competitors could use disaggregated product volume, weight, and revenue distribution information to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment, and also during negotiations with the Postal Service.

Hypothetical: Disaggregated revenue, volume, and weights contained in the Nonpublic Annex are disclosed to the public. Another delivery service's employee monitors the filing of this information and passes it along to the firm's sales and marketing functions. The competitor assesses the profitability of certain services on a per-piece or per-pound basis or the Postal Service's relative concentration in certain service offerings. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal Service appears to have

made headway, hindering the Postal Service's ability to reach out effectively to these customers.

Identified harm: Public disclosure of information contained in the Nonpublic Annex associated with international delivery services provided in arrangement with specific third parties would be used by those parties' competitors to their detriment.

Hypothetical**:** A competitor of a foreign post, such as a competing international delivery service obtains information contained in the Nonpublic Annex. The competitor uses the information to assess the market potential and, as a baseline, to negotiate with other parties to develop lower-cost alternatives and undermine the foreign postal operator's market offerings.

(6) The extent of the protection from public disclosure alleged to be necessary.

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the market for domestic parcel shipping products, as well as their consultants and attorneys. Additionally, suppliers of transportation or other services to the Postal Service that affect costs for competitive services should not have access to these materials; this restriction should include their consultants and attorneys.

(7) The length of time for which non-public treatment is alleged to be necessary with justification thereof.

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless otherwise provided by the Commission. 39 C.F.R. § 3011.401(a). However, because the Postal Service's relationships with third parties that may have a proprietary interest in protected materials often continue beyond ten years or decades, the Postal Service intends to oppose requests for disclosure of these materials pursuant to 39 C.F.R. § 3011.401(b-c).

(8) Any other relevant factors or reasons to support the application.

None.

Conclusion

For the reasons discussed in this application, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
